PROFILE

Self-taught video creator who runs his own YouTube channel, Begin With Sam, and handles every step of production: script, visuals, voice-over, music, sound effects, subtitles, editing and thumbnails. Experienced in making short-form vertical videos (Shorts/Reels) and 3–4 minute long-form episodes. Comes from a software background, so picks up new tools quickly. Eager to learn professional podcast editing workflows. Immediate joiner.

SKILLS

- **Editing:** cutting and trimming, jump cuts, removing pauses and filler words, transitions, text animations, keyframes, layering clips, B-roll
- **Formats:** 9:16 vertical (Shorts, Reels) and 16:9 horizontal (YouTube long videos), 1080p export
- **Audio:** voice-over, background music mixing (music low, voice clear), sound effects
- **Captions & Design:** subtitles placed for readability, thumbnails, hook-first openings, intro and outro clips
- **AI Tools:** Google Flow (AI video and image generation), ElevenLabs (AI voice-over)
- **Content:** scriptwriting in simple language, content planning, YouTube Studio analytics

CONTENT CREATION EXPERIENCE

Creator & Editor | Begin With Sam (YouTube channel) | 2026 – Present

- Create animated educational videos for kids and parents, with a recurring cast of characters (Sam, Rosy and Coco).
- Handle the full process alone: write scripts, generate visuals, produce voice-overs, add music and SFX, edit, add subtitles, design thumbnails and publish.
- Plan and publish short-form Shorts alongside long-form episodes, using a hook in the first few seconds to keep viewers watching.
- Review YouTube analytics (views, watch time, retention) to improve thumbnails and video openings.

Creator | Second YouTube channel | 2026 – Present

- Produce aesthetic, music-only Shorts in a hand-painted 2D animation style, with nostalgic ambient sounds and smooth scene-to-scene continuity.

WORK EXPERIENCE

Associate Software Engineer | CW Suite | May 2025 – Oct 2026

- Worked on Java backend services and client integrations for retail and POS systems; later worked on a data integrity team checking and correcting production data.
- Built strong habits in attention to detail, meeting deadlines and working with a team.
